Taxi prices and trip time

- From (new) Beijing Daxing International Airport (PKX/ZBAD)
approx. 40 min, 100 RMB
- From Beijing Capital International Airport (PEK/ZBAA)
approx. 90-120 minutes, 300-350 RMB

Be aware though, that traffic conditions in Beijing are tough.

Especially the ride from the old airport could easily take 2 hours or more, it would then cost 350 RMB or more.
